

Hi, is [voter name] available?

My name is [name], and I am a volunteer with Granite State Victory. We're out here today talking to folks about Chris Pappas and Democrats up and down the ballot. Chris is fighting to lower costs, root out corruption in Washington, and deliver results for Granite Staters.

I am personally supporting Chris Pappas and Democrats up and down the ballot because [YOUR PERSONAL REASONS]

Can we count on you to support Chris Pappas for Senate in November?

IF YES

Thank you so much for your support - move to next question

IF NO/GOP

Thank you for your time - have a nice day!

I understand, there's a lot to consider when making this decision. What issues are important to you? Are there things you wish politicians would focus on that would help you or your family?

Acknowledge their concern, state a value you share, and provide an example of one of the reasons you're supporting Pappas and Democrats and how it relates back to their concern - then move to the next question.

Congresswoman Maggie Goodlander is also on the ballot this year. Maggie is a 4th-generation Granite Stater and Navy veteran who's dedicated her life to public service. In Congress, she's working with members of both parties to get prices down, help small businesses get ahead, and keep our communities safe — while taking on the big corporations making everyday life harder and more expensive.

Can we count on you to vote for Maggie Goodlander for Congress?

Cinde Warmington is a health care advocate who served on our state's Executive Council, where she held the Governor accountable for wasteful spending while working to improve public schools, expand job development, and build affordable housing. As Governor, Cinde will end the cycle of corrupt governance, cut fees that target working people, and build an economy that works for everyone, not just the wealthy and well-connected.

Can we count on you to vote for Cinde Warmington for Governor?

Here in New Hampshire, all of our state races are on the ballot in November, including Governor, State Senate, State House, and Executive Council. For the last eight years, Republicans have held all of these chambers, and have used that power to defund public schools and force your property taxes to go up.

I'm going to quickly run through with you some of the offices we have on the ballot this November!

Can we count on you to vote for a Democrat for the Executive Council?

Can we count on you to vote for your Democratic State Senate Candidate?

Can we count on you to vote for a Democrat for every State Representative slot on your ballot?

Really lean in with the voter about the contrast between Democrats in Concord, who are working to lower property taxes, lower utility costs, and fund our public schools, as opposed to Republicans, who are using their majorities to give tax breaks to big corporations, expand Education Freedom Accounts that drain money from public schools, and downshift costs onto cities and towns that cause property taxes to rise.

As you know, Democrats cannot do this alone and we need everyone's help to ensure we are successful in November. We have many opportunities to get involved in the campaign including door knocking, making phone calls, and attending events.

Can we count on you to volunteer?

Thank you for taking the time to speak with me today and for your support.
