GET INVOLVED VOLUNTEER LOCALLY

The local Democratic committee is reaching out to Democratic voters to encourage them to vote on November 8. As part of this effort, the committee is looking for volunteers to reach out to fifty Democrats that live in their neighborhood and invite them to an upcoming civic engagement. You can call the voters up, send them a text message, invite them by postal mail, email them an invitation, or drop off invitations at their house.

HELP ELECT DEMOCRATS!

Your local Democratic town committee and the Plymouth County Democratic League are working together to host civic engagement events each month leading up to the election. Each civic engagement event is designed to highlight democratic values, introduce voters to our Democratic candidates, and remind people of the upcoming elections. We cordially invite you to join us at one of these events in your community. Please consider volunteering to help us with these events by sharing them with your friends, family, neighbors, and colleagues on your social network. I hope to see you there.
